

# Foundation Stage Reading Spine

## THRIVING ON REPETITION

By re-reading stories to children, teachers can deepen the children's familiarity with a story and increase their emotional engagement. Re-reading allows children to hear new vocabulary over again, which helps them commit the meaning of new words into their long-term memory. Additionally, children have new opportunities to connect with characters and their feelings, and to relive the excitement and emotion of stories.

 @mrmarchayes

Children will re-read their class reader books 3 times over the course of a six week term to enable them to explore the language and emotions more deeply.
