### **Aims & beliefs:**

Our school aims to create an inclusive culture that fosters acceptance and respect for diversity. In doing so, we seek to deepen understanding and knowledge, promote student and staff wellbeing and help everyone achieve their full potential. As a school we welcome the diversity of cultures, backgrounds, faiths and beliefs and celebrate the backgrounds of all pupils, staff and others associated with the school.

At Thameside, we reject all forms of racist behaviour and are committed to the elimination of racial discrimination (including direct and indirect racism, racial vilification, antisemitism and harassment) in our organisation, curriculum and in the learning and working environment. Thameside is committed to ensuring that individuals and groups are not disadvantaged because of their race, culture, ethnicity, national or religious background. No pupil, employee, parent or community member should experience racism within the learning or working environment. We recognise and acknowledge that eradicating racism and discrimination in our organisation, and challenging the attitudes that allow them to emerge, is the shared responsibility of all members of the school community. Racial discrimination and harassment are against the law.

This policy supports Thameside Primary School's duties under the Equality Act 2010, including the Public Sector Equality Duty (section 149), and aligns with Keeping Children Safe in Education (2025).

### **Commitments:**

Thameside is committed to be an anti-racist school; to promote equality and actively tackle discrimination within all areas of school life:

- it is committed to the elimination of racial discrimination, including direct and indirect (unconscious bias, micro-aggressions, white supremacy) racism, racial vilification and harassment – in all aspects of the learning and working environment;
- to ensure that all members of the school community understand their rights and responsibilities under this policy;
- to challenge racial discrimination, racist behaviour, racist language or harassment, prejudice and stereotyping, however thoughtless or unintentional;
- to provide an environment which respects and values diversity and shows consideration for the traditions, cultures and religious practices of people from different ethnicities and different geographical regions;
- to prevent direct and indirect, overt and covert discrimination on grounds of colour, ethnicity or place of origin;
- to provide students, staff, parents, care-givers and all members of our community with a mechanism for the lodgement and resolution of complaints;
- to deal with complaints of discrimination and harassment speedily according to Reading Borough Council Guidance and notify complainants of the outcomes and action taken;
- to assist in the identification of possible barriers to equality of opportunity for students and staff and to ensure that these barriers are addressed where possible;
- to make sure that all pupils and staff are encouraged and supported to achieve their full potential;
- to educate staff and students on issues, concepts and theories pertaining to racism such as unconscious bias, micro-aggressions, the history of multicultural and multi-ethnic Britain, racial literacy, colourism, cultural

appropriation, etc so that all members of the community can recognise and report racism in all its forms. The school's approach to these issues, concepts and theories reflects government guidance, professional guidance from recognised experts and external agencies as well as examples of good practice, and to implement anti-discriminatory employment practices.

In addition:

- our school community recognises and nurtures the identity of children and staff of all ethnicities and cultures;
- our school strives to develop positive anti-racist language, awareness, images, role models and strategies in order to create policies, practice and an environment which reflect that all people are equally valued and that harassment will not be tolerated;
- our school will be proactive in celebrating achievements, both of individuals and groups, of all ethnic backgrounds. All children need to see and share a range of cultures which is positively valued;
- through appropriate Personal Social and Health Education, school assemblies and curriculum, pupils will be shown that racism, in any form, is unacceptable and that all individuals have a responsibility to challenge racism.
- our school will be proactive in ensuring books and resources reflect a diverse range of children and families.
